# Local Bottled Beers

Three Malvern scientists created the deliciously refreshing and unique Friday Beer after extensive experimental brewing and exhaustive tasting sessions. Produced from locally sourced and grown hops with Malvern Spring Water, famous for its healing qualities – Friday Beer is to Malvern what Guinness is to Ireland – you have got to be here to truly experience it.

## FRIDAY GOLD 5.6%

£6

This is refreshing golden ale with a rich malty flavours that are supported by the earthy English Fuggles hops. The addition of American hops blended with the malted wheat produces a citrus note.

## PINNACLE 4.5%

£6

Based on a traditional British bitter this ale is delicious as we have given it a small twist. Our recipe combines a variety of hops with grain to produce first class ale but a touch of Rye gives it a taste like no other. This beer will surprise and delight your taste buds and not just on a Friday.

## JUBILEE 3.1%

£6

Full of flavour and very easy to drink this recipe is a classic in the making. Based on the concept of the Mild Ale this modern version is a medium dark session ale good on its own or with food.

## BLACK HILL STOUT 5.2%

£6

Produced with a blend of six malts and roasted barley this drink has a complex flavour. The hint of fruitiness comes from adding the hops late in the brewing process and is balanced by the malty chocolate and toffee flavours. This is a smooth, sweet version of an old classic.

## SUMMER HILL BLONDE 4.3%

£6

A vibrant blend of malted barley, oats and wheat gives this pale ale a higher malt profile than expected from its colour and strength. The careful selection of hops and yeast contributes to its aromas and complexity. You might detect a hint of pineapple or blackcurrant. This ale can be drunk chilled and is a perfect drink for summer.
