Festive Experiences

Choose from a range of festive packages tailored to suit every celebration, including a three-course set menu filled with seasonal favourites designed to excite the palate.

For something a bit different, why not join one of our masterclasses? Michael, our General Manager and cocktail enthusiast, makes it fun and easy to learn as he guides you through mixing drinks. Or if you prefer, try one of our wine, whiskey, or gin tastings. These hands-on experiences are a great way to add something special to your celebration and make it truly memorable.*

Add live music and mesmerising magicians or a DJ to add a contemporary soundtrack to your celebration. With corporate overnight stays available, you can continue the festivities in comfort, just steps away from where the evening unfolds.

**Cocktail masterclasses are £40 per person and include two cocktails that you'll craft yourself.*
